FOR IMMEDIATE RELEASE

Take a Supernatural Stroll with Ski Shack during a Full Moon Hike on October 28

“Night of the Hiking Dead” to benefit Countryside Conservancy’s Trolley Trail restoration

North Abington Township: Trick or ... Trail?! On Saturday, October 28th, bring your head lamp and head into the woods for a mystical full moon hike to benefit local nonprofit [Countryside Conservancy](#). Hikers can meet at the Meadowsweet Preserve parking lot starting at 5:30 p.m. where psychic medium and best-selling author [Jami Hearn](#) will share insights into the spiritual world and connect hikers with the energies of the night ... and beyond.

This approximately 3-mile journey winds its way through conserved land at their Quarry Ridge and Meadowsweet Preserves. The rugged terrain and nighttime setting require a higher level of expertise so the hike is recommended for experienced hikers only. Leashed dogs are welcome.

Proceeds from the event will benefit the Countryside Conservancy as they rebuild their Trolley Trail, which was damaged during the heavy rainfall and flooding in September. “We are always eager to assist the Countryside Conservancy in any way we can,” said Ski Shack owner Melissa Roberts. “The trolley trail is such a popular recreation space. The damage was devastating and they’ve been working nonstop to get it repaired.”

If you're unable to join the hike but wish to contribute to the Trolley Trail's reconstruction, you can make a donation directly on the Countryside Conservancy's website: <https://countrysideconservancy.org/rebuilding-the-trolley-trail/>

Night of the Hiking Dead — Event Details

Date: Saturday, October 28th, 5:30pm - 7:30pm

Meet-up Location: Meadowsweet Preserve SR4009, North Abington Township, PA 18414
